

ONE QUEEN STREET

Toronto, Ontario

DIGITAL SPECTACULAR, DIGITAL DISPLAYS, POSTERS

In the heart of downtown Toronto, One Queen Street East is within walking distance of the city's main shopping, entertainment and financial districts, including The Eaton Centre, Dundas Square and Yonge Street. Connected to the TTC and underground PATH system, access to One Queen Street East could not be more convenient. Its distinct, modern glass tower is connected to 20 Richmond, a heritage building that dates back to the early 1890's and is a designated historical site. The two are linked via a five-story atrium. The combination of these two properties makes this complex a beautiful one-of-a-kind Class A property with a unique mix of modern and historic architecture.
